★ Caution

- Please do not use mascara, eyelash curler, and oil cleansing or anything that contains oil around eyes.
- Please do not open your eyes until we tell you. The ingredient of glue for eyelash extension may sting your eyes.
- If you need a break, please raise your right hand.
- It will take about 30 minutes. Please do not move your head.
- It is rare (about 1/10000%) that you have allergy symptom around your eyes that you do not know. However, if you do have, we will introduce doctor who has a lot of knowledge of eyelash extension. No matter what insurance company you use, or do not have any insurance, the doctor will take good care of you with our letter. There will be no refund or no complaint accepted for all troubles including home-care.

Name Date

★ How to take care eyelash extension

1. Please do not use mascara and eyelash curler.
2. Please do not use oil cleansing or anything that contains oil around eyes when you wash your face.
3. Please do not pull your eyelash extension. You may have risk of pulling out your eyelash itself.
4. One side of your eyelash extension may be easier to come off by how you sleep.
5. When your eyelash grows and extension falls downwards, please cut the extension with small scissors. It is dangerous if it sticks into your eyes.

★ When to Repair

Your eyelashes usually grow within three weeks to one month. It will be different for everyone, but if your eyes start looking plain, it is the time to repair.

Also, we can repair before party or event.

May everyone stay beautiful and brilliant...
