

How to take care eyelash extension

★Please do not use mascara and eyelash curler.

★Please do not use oil cleansing or anything
that contains oil around eyes when you wash your face.

★Please do not pull your eyelash extension.
You may have risk of pulling out your eyelash itself.

★One side of your eyelash extension may be easier to come off by how you sleep.

★When your eyelash grows and extension falls downwards,
please cut the extension with small scissors.
It is dangerous if it sticks into your eyes.
